

How do we, individually and collectively,
live in ways respecting the earth?
In what ways do we need to modify our decisions and
behaviour with regard to eco-justice?

What factors threaten our
future here and that of our
Pacific neighbours? Are there
practical ways for us to engage
in action to reduce the impact
of factors influencing the
warming of the planet?

Shedding some light on climate
change... Changing some of our
habits can be a better result for our
environment... Earth Hour, Every
Hour... Calculate your ecological
footprint... Make a list of specific
actions I will take to consciously
reduce electricity usage...

What will I do?

Commit to daily living in care of the environment.
Be aware of the impact of Climate Change on the people of
the Pacific Islands
Respond to action from groups e.g. Pacific Calling
Partnership, Green Peace, Get Up.
