Thank you for your support

Thank you to everyone who has donated to our Let Mercy Rain Appeal, which has helped those suffering because of the drought in PNG. We have been overwhelmed with the generosity people have shown.

With your contributions we have been able to provide much needed health care for malaria and snakebites, as well as water purification systems.

It is being reported that although the rains have come and the drought is officially over, the country is still facing immense difficulties.

“On behalf of everyone who has benefited because of people’s generosity I would like to say thank you. Without your help we would not have been able to respond as quickly as we did or as effectively, so thank you,” Sr Ailsa Mackinnon said.

With the drought declared over, Mercy Works will focus their attention on existing projects in Papua New Guinea and help communities to rebuild.

“We currently have many exciting projects in Papua New Guinea. We have begun work on four dormitories at high schools in remote regions as well as expanding our village health program and capacity building programs,” said Ailsa.

If you are interested in any of our projects please contact Mercy Works on 02 95641911 or visit our website
