

Mercy - Our Pilgrimage of Hope

*Always been pilgrim countries,
Always been storied lands.
Always been pilgrim countries
Walk-about these sacred lands.*

1. People walked to country
Walked to care for life and land.
Walked to sacred places
Walked on sacred land.
2. Pilgrims travel lightly
Empty minds and hearts to hear
Sit in country quietly
Listen deeply without fear.
3. Answers aren't the answer
And discomfort clears the way
For unimagined insight
New encounters every day.
4. 'Walking nuns' they called us
A broken world has ample scope
For mercy men and women
Bound in pilgrimage of hope.
